

JINGLE JUNGLE

51

NOW
THERE ARE SO MANY
STARS IN THE SKY

SINCE THOSE STARS HAVE
GIVEN US SUCH A BEAUTIFUL
GIFT TO ADMIRE, I WANNA
GIVE THEM SOMETHING TO!

TO ALL OF THE
STARS IN THE
NORTH SKY.

THEY NEVER CEASE
TO AMAZE ME!
HOW DO THE STARS SHINE
UP THERE EVERY NIGHT?

MY DAD TOLD ME THAT LONG AGO,
PEOPLE BELIEVED THAT AT NIGHT,
A HUGE CLOTH COVERED THE SKY
AND THE LITTLE HOLES IN THE
CLOTH LET LIGHT THROUGH AND WERE
CALLED STARS! FUNNY, HUP?

BUT IF THERE ARE PEOPLE
LIVING ON THOSE STARS,
THEY'RE PROBABLY LOOKING
AT US RIGHT NOW TOO.

MAYBE THEY'RE TALKING
WITH THEIR FRIENDS AND LOOKING
UP AT THE STARS JUST
LIKE US! Haha.

THEN I HOPE THAT OUR
STAR LOOKS AS BEAUTIFUL
TO THEM AS THEIRS DO TO
US. DON'T YOU AGREE?

DON'T WORRY.
OUR STARS PROBABLY
THE PRETTIEST ONE.

THE MOST BEAUTIFUL STAR IN THE UNIVERSE, "EARTH"
